**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Angela Stone on October 15, 2003.

The application has been amended as follows:

Please cancel claims 9-16.

***Allowable Subject Matter***

2. Claims 1, 2, and 4-8 are allowed.
3. The following is an examiner's statement of reasons for allowance: Claims 9-16 have been cancelled by Examiner's Amendment because the claims were withdrawn from consideration as being directed to a method for making an electrical cable. The 112 2<sup>nd</sup> Paragraph rejection to claim 17 is withdrawn because claim 17 has been cancelled by Applicant's amendment. Claims 1, 2, and 4-8 are allowed because the prior art does not disclose electrical cables comprising parallel conductors and a web of dielectric material unstretched in regions that contain the conductors and stretched in regions not containing the conductors.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
